

I AM A LOOSE BALLOON

D7 G7
I am a loose balloon drifting is my thing I am a loose balloon no one holds my string
A Bm G D7
a kid let go of me now I am rambling I'm a loose balloon

Bm G F#m G
I'm the king of wide open skies 'aint no dust on me because I fly
A G A G
people try to catch me as I float past
A G A
they can't pull me down no matter how they try

Bm G F#m G
town to town I follow the open road I ride the shifting wind when it blows
A G A G
don't let a sudden breeze lead you to believe
A G A
you can pull me down and you can take me home

Bm G F#m G
watch me leave this atmosphere of ours higher and higher until I reach the stars
A G A G
I won't stop 'till I'm done I can't wait to meet the sun
A G A
I bet I'll be the first balloon to land on mars

D7 G7
I am a loose balloon drifting is my thing I am a loose balloon no one holds my string
A Bm G
a kid let go of me now I am rambling
A Bm G
