

## ROBIN ON A WIRE

robin on a wire so proud and fine  
livin in the sky livin on the line uh huh  
robin on a wire you stare and sing  
dont you go I'll clip your wing uh huh  
robin on a wire lookin at me  
I see you what do you see uh huh  
robin on a wire the nights go chill  
visit me on my window sill uh huh

D                      Bm  
robin on a wire the sun is high  
Em                      A                      D  
chirp chirp tweet tweet fiddle dee die uh huh  
D                      Bm  
robin on a wire all puffed and proud  
Em                      A                      D  
cut a line right through the clouds uh huh  
D                      Bm  
robin on a wire Im walkin under you  
Em                      A                      D  
you just took one dont take another poo uh huh

D                      Bm  
robin on a wire leaves falling down  
Em                      A                      D      Bm      Em      A  
the crows are black youre red and brown uh huh  
D                      Bm  
robin on a wire here comes the snow  
Em                      A                      D      Bm      Em      A  
release that wire and go south go uh huh  
D                      Bm  
robin on a wire its christmas day  
Em                      A                      D      Bm      Em      A  
to cold to fly you best just stay uh huh uh huh uh huh uh huh

D                      Bm  
robin on a wire its cold and bleak  
Em                      A                      D      Bm      Em      A  
get a frozen worm in your frozen beak uh huh uh huh uh huh uh huh
